

## **KUBE ENGINEERING**

VALVES & INSTRUMENTATION: Sales \* Engineering \* Service

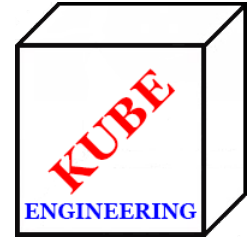

30298 Trois Valley Street, Murrieta, CA 92563

Phone (951) 926-0675

Fax: (951) 926-2562

Email: [Quinn@kubengineering.com](mailto:Quinn@kubengineering.com)

Website: [www.kubengineering.com](http://www.kubengineering.com); [www.kubedist.com](http://www.kubedist.com); [www.kubesvc.com](http://www.kubesvc.com)

## **ANALYTICS**

Submersible Level Transmitters, Pressure transmitters, Autonomous Water Level Loggers, SDI-12 capability

6S manufacturer of explosion proof Radar Level Transmitters and Pressure Transmitters. Includes Guided Rave and wireless.

SHINING LIGHT ON WATER QUALITY

Online TOC, BOD, SAC, COD Handheld UV254, UV254, Multiparameter, Homeland Security, Nitrate/Nitrite

## **FLOWMETERS AND EQUIPMENT**

Sludge Density Meters, **Mag Meters**: Zero approach mount anywhere, Microwave Density (TSS) Sanitary, Capacitance meters, Severe Service, Pure Water, Large Pipe. **10 year warranty**

**High Pressure Mag Meters** up to 6K psi, 304SST mag meters, Intelligent flow controller for high-pressure **water injection** applications  
**Explosion proof mags**

MASTER REPRESENTATIVE  
Averaging Pitot Flow Sensors, Multivariable Coriolis Flow Sensors, Vortex Multivariable Flow Sensors, Multivariable Thermal Mass Sensors

Wall mount and Handheld Ultrasonic flow meters. Spool insert ultrasonic. Pressure Transmitters, Vortex Flow Meters

Magnetic Level Indicators, Transmitters and Level Switches. Various Floats, coatings, flags, explosion proof.

**Hand-held ultrasonic** flow meter. Coating thickness gauges, Hardness testers, Vibration meters.

Kube Engineering is a Manufacturer's Representative and/or Value Added Reseller for the above mentioned products.

We specialize in sales, engineering, service and process solutions.

Quinn Eddins: (951) 926-0675 Phone- All

## **ACTUATORS**

**Failsafe Spring-return** Electric Actuators, modulating, on-off, explosion proof, damper actuators  
\*Value Added Reseller

Electric and Pneumatic, Thermoplastic Valves, PVDF butterfly valves, Diaphragm Valves etc...

\*Value Added Reseller

**MADDEN**  
ENGINEERED PRODUCTS, LLC.  
*Simple, Rugged Quality*

Chemical Feed & Mixing Systems, Sample Coolers, Boiler Blowdown Equipment, Chemical Metering System Packages

## **VALVES & PUMPS**

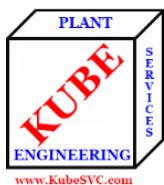

Standardized 2-piece/3-piece ball valves, control valves, 3-way ball, top entry valves, trunnion, floating flanged, tri-clamp sanitary, metal seated, wide range of actuators

100% USA Made. Solids Handling Vertical/Submersible, Sump Pump Vertical/Submersible/Explosion Proof, Acid Handling Stainless Steel, Engineered Pumps

## **OTHER SERVICES**

Kube Services: Plant analytical calibration, maintenance and service. On-site.

Kube Flow Meter Calibrations: Provides local calibrations up to 6" and all calibrations up to 78". NIST Traceable

Mag Meter True Calibration services: We partner with a Class A contractor to pull, send out, calibrate and reinstall Meters. We also provide Mag Meter installations. NIST Traceable. Remember, you cannot calibrate mags in the field!

### **Complete valve and actuator repair and refurbishment**

Turnkey laser scanning solutions, up to 960,000 laser points per second creating documentation which empowers architects, engineers, and clients. Facility piping mapping.

Kube Engineering is a Manufacturer's Representative and/or Value Added Reseller for the above mentioned products. We specialize in sales, engineering, service and process solutions.
